

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

MESSAGE FROM THE PRINCIPAL

Assalam Alaikum W. W. Dear Brothers and Sisters, Parents and Students;

We are blessed to begin the new school year in the holy month of Du Alhija. May Allah (SWT) accept our prayer and our good deeds.

I would like to welcome you to Al- Noor Islamic Academy (ANIA), a Pre-kindergarten of 3 years and 4 years through fifth grade. We have unique learning opportunities and provide quality education serving our students and community. Our students practice their faith every day, and enjoy learning leadership and life skills that lead to success.

We firmly believe that every student is a unique individual, who needs a secure caring and stimulating atmosphere to grow emotionally, intellectually, physically, and socially. I strongly believe all students can excel in an encouraging environment that welcomes and enhances confidence. Our objective is to make learning enjoyable, exciting and to help students meet their fullest potential. We are committed to high standards of students' performance and dedicated to develop a productive environment to maximize learning experiences for students and teachers. It is our responsibility to work together to create an exceptional school environment to provide quality teaching and education. We implement ANIA mission, vision, policies, and keep the doors always open for parents to visit the school where their children, their best investment in life is nurtured. We have set three major goals to achieve students' success: excellence in academic, building Islamic conduct, and leadership.

ANIA teachers integrate the State curriculum standards with intrinsic Islamic values and morals to create outstanding unique citizens and competent leaders for the next generation. They learn knowledge, skills, with Islamic values and morals to develop their critical thinking to solve any problem they may face effectively. We consider parents' satisfaction with their children's education is the key indicator of ANIA success. I invite all parents to be involved in their children's education and welcome them always.

Finally, I would like to emphasize that there is no limit to school- parents' cooperation for the success of their children. We have to work together to empower our students to achieve academic success, building Muslim positive character through high standards of quality education.

We are looking for your continued support, welcoming you to ANIA, and getting your feedback. Please feel free to contact any time via e-mail info@anianepa.org or by phone 570-991-6107. Thank you

Fi Aman Allah

Educationally,

Dr. Mahmoud Al-Hihi, Principal
